unforgettable never looked so good

welcome

Hello and welcome!

I'm thrilled that you have taken the time to look at my work, and that you are considering booking me for your wedding. I can't wait to get to know you and learn more about your big day. For now, though, I want to start out by sharing a little about me and what it means to work with

Take a look at this welcome guide, and then once you look it over, let's chat!

about me

Hello, I'm Cortney Torres! I've had a camera in my hand since I can remember. I found it was my passion when developing my own film and hand printing my images in the darkroom in high school. I wanted to share a few facts about me so that you can get to know me a little better.

- Born and raised in NJ, I graduated from Mason Gross School of the Arts at Rutgers University with a BFA in Photography.
- Following graduation, I worked in the NJ Governor's Office as one of the Governor's staff photographers for over 5 years.
- Since 2004, I have been professionally photographing events including weddings, families, and corporate functions. In addition, I work with Real Estate agents across NJ, as well as commercial clients.
- In 2008, my husband and I started a family and the rest is history!
- I feel incredibly fortunate to be able to spend time with my kids but also do the work that I do.
- My family and friends are everything to me and one of my favorite aspects of my profession is being able to meet so many amazing people who often become friends!

choosing a photographer

Over the past 12 years, I've been fortunate to have worked with so many amazing couples and families! When trying to find the perfect photographer for your wedding, there is nothing better than client testimonials describing the experience they had while working with me.

By working closely with my clients, I try to provide a great experience that is **customized** for them.

“

Cortney was the absolute best! I knew I wanted to work with her before we had even decided on our wedding venue! Cortney made the entire process easier, and even more fun! The images she captured were amazing, and the amount of compliments on our wedding album are too many to count. We loved every minute working with Cortney, and cannot recommend her highly enough!!! Best decision of our entire wedding!

”

what makes me different

I'm not your everyday run of the mill wedding photographer.
Why? Simply because weddings to me are so much **more**
than just taking awesome photos.

I care a lot about you and your needs for your day.

I care about giving you an amazingly positive and stress-free
experience! Making sure all the details are not forgotten.

I want to document your day in a very authentic, candid and
creative manner that will tell your story for decades to come.

Being in business since 2004, and having photographed
many weddings and families, I've seen it all. This experience
gives me the confidence to know that I will capture your day
beautifully.

I'm readily available for questions or concerns.
Please don't hesitate to contact me!

my style

I am incredibly passionate about photography, and my goal is to capture images that you will **treasure**.

Through dynamic photo storytelling, the bride and groom are showcased for who they are, and the **true** and **honest** moments of their wedding day. My clients feel the emotion within their photos, as they recount the variety of special moments captured throughout their day.

My style can be described as **classic, genuine, and timeless**. I capture a combination of both posed portraits and candid, photojournalistic style images throughout your day.

*“ From the minute I met Cortney,
I felt like I have known her my entire
life. She goes above and beyond!! - Kayla ”*

albums

When you receive all of your wedding images from me, they will look amazing digitally. However, your photos are not meant to stay on your computer! Looking through hundreds of images on the computer can get a little overwhelming, and you should have something tangible to remind you of your important day.

Wedding albums are the perfect piece of art that will become an heirloom that your family will *treasure*.

That's why all packages come with an album.
All couples will have their own custom album showcasing the best images from their wedding day.

engagement sessions

You may have noticed that most wedding packages include an engagement session.

This is because I simply love working with my couples before the big day. Having an engagement session before the wedding will help you get to know me and my fun and relaxed style. Getting to know you as a couple and interact a little before the excitement of your wedding day, makes everyone feel at ease. Once you book with me, we can talk more about your engagement session.

consultation

Do you have a few more questions? No problem!

I would love to meet with you to discuss your wedding!
I often schedule consultations with couples to chat with them
about their big day. Whether it's a phone call, video meeting, or
meeting in person - I'd like to talk with you right away, so
let's get in touch!

what to expect

When you decide to book me for your wedding,
here's what you can expect:

1. You will be taken care of. Throughout the entire experience, I will help guide you and ensure that you have the best day possible.
2. I'm proud of the work that I produce, and would love to have the opportunity to capture amazing images of your wedding day.
3. You will have fun. Yes, you will enjoy the experience of taking photos on your wedding day! You're going to laugh and have a good time with me as your photographer.

how to book

A signed contract and 30% retainer is required to reserve your wedding date on my calendar. My schedule is flexible and can accommodate some last minute events.

Please get in touch as soon as possible to ensure that your date is available!

next steps

Ready to book? Perfect!

Let me know and I will send a contract for you to look over, including the details of the day and your retainer amount.

Once your contract is signed and the retainer has been received, then you will officially be in the calendar!

I look forward to talking with you.

If you have any questions, please don't hesitate to contact me.
